

The Marine Advanced Technology Education (MATE) Center Technical Internship Program Application Process

A complete application to the MATE Internship Program includes (all forms must be submitted electronically AND mailed to the Internship Coordinator):

- A complete application form (including contact information for 3 references)**
- A cover letter describing the desired internship position, career goals, why you would like to become a marine technician and skills / academic background**
- A resume describing your work and education experience**
- A copy of academic transcripts (unofficial is fine)**
- A letter of reference from an instructor, advisor, or past employer**

Forms, resume and cover letter help can be found at:
