VACANCY ANNOUNCEMENT

ORACLE DEVELOPER: PL/SQL & APEX APPLICATIONS

VACANCY #: 22-015

Location: Arlington, VA

Salary Range: \$ 80,000 – 99,000 annually with benefits

Closing Date: 8/1/2022

(Starting salary commensurate with experience)

Duties

As **Oracle Developer for PL/SQL & APEX Applications**, the incumbent is responsible for applying specialized software programming knowledge to fisheries data collection, data processing, and data management within the Atlantic Coastal Cooperative Statistics Program (ACCSP). Specific duties include 1) Maintain and extend Oracle PL/SQL data processing to support Atlantic fisheries management that securely collects, stores, and distributes data. 2) Perform Oracle APEX application programming with an understanding of web technologies and software stacks that includes design, development, testing, debugging, and maintaining secure software applications which meet technical and functional requirements. 3) Ensure that applications comply with security mandates, are consistent with the current and planned infrastructure and data environments, and are written using industry best practices and best available technology. 4) Work with the ACCSP Partners to optimize the functionality and adherence to technical requirements of ACCSP software. 5) Follow established quality control/quality assurance protocols for all information systems during the data life cycle. 6) Provide technical support for ACCSP Partner agencies. 7) Perform related duties as required as the ACCSP evolves. ACCSP utilizes Oracle products for data storage and dissemination. See ACCSP's website (www.accsp.org) for comprehensive information about the program.

Supervision and Work Environment

The position of **Oracle Developer for PL/SQL & APEX Applications** is based out of the Arlington, Virginia office of the Atlantic States Marine Fisheries Commission (ASMFC) and will require occasional overnight travel, primarily along the Atlantic coast. The incumbent reports to the ACCSP Deputy Director. This position is not qualified for overtime under the Commission's policies. Compensatory time and flexible working hours (including part time telecommuting with supervisory approval) are available under the Commission's policies. However, the **Oracle Developer for PL/SQL & APEX Applications** is a salaried employee and is expected to put in the effort required to make the ACCSP successful.

Qualifications

A degree in computer science, fisheries science, or a related field. Experience and knowledge of Oracle database PL/SQL and Oracle APEX development and testing required. Proven writing and speaking skills, communication, coordination and interpersonal skills, and experience with data management should be demonstrated. Must be eligible to work in the United States.

Application Process

Please email a resume and cover letter to Laura Leach, Director of Finance and Administration, Atlantic States Marine Fisheries Commission, 1050 N. Highland Street; Suite 200 A-N, Arlington, VA 22201 (asmfc-jobs@asmfc.org). The vacancy number (**22-015**) must be identified in the subject line.

Organization Profile: *The Atlantic States Marine Fisheries Commission (Commission) is comprised of the 15 Atlantic coast states under the terms of an interstate compact approved in 1942. The purpose of the Commission, as set forth by Article I of its Compact, is: To promote the better utilization of the fisheries, marine, shell and diadromous, of the Atlantic seaboard by the promotion and protection of such fisheries. As an instrumentality of the 15 Atlantic coastal states, the Commission is employed to coordinate the conservation and management of nearshore migratory fishery resources.*

The Commission is an Equal Employment Opportunity employer and welcomes all qualified applicants regardless of age, sex, color, race, creed, national origin, religious persuasion, marital status, political belief, sexual preference, disability, or any other legally protected status. ASMFC is unable to sponsor applicants for work visas.
